

The Campaign.

A messy few weeks with a hard deadline — elections, charity week, a big push.

THE SETUP

- ☐ Write the one-line goal where everyone can see it
- ☐ Set the deadline and work backwards — the calendar doesn't negotiate
- ☐ Split the work into lanes: content, logistics, money, people — one owner each

EVERY WEEK

- ☐ One short meeting, run from the plan, not from memory
- ☐ Each lane reports: done, doing, stuck — stuck gets help or a new owner
- ☐ Put next week's three most important tasks in with names and dates

THE FINAL WEEK

- ☐ Freeze new ideas — finish what's in the plan
- ☐ Confirm every booking, person and permission in writing
- ☐ Make the day-of run-sheet: times, places, names, numbers

AFTER

- ☐ Publish the result and thank people by name
- ☐ Write the two-paragraph debrief while it's fresh
