

One invoice. One wedding. Two weeks to prove the handoff.

THE POSITION

The Venue Edition begins when the €1,500 annual invoice is settled.

THE PROOF

One real wedding runs through all four views for the first two weeks, alongside whatever you use today.

YOUR DATA

Yours — exportable and deletable at any point, hosted in the EU.

THE REVIEW

At two weeks, we review the handoff. The annual edition continues; the review shapes the next batch, not the price.

Written as a one-page confirmation of the paid founding position: one fixed price, one proof window, nothing for the venue team to operate.
